Third Time's A Charm!

World's largest aquarium chooses Active Production and Design as its exclusive audio visual company.

ATLANTA, GA— On October 9th 2008 Will Ramsey, VP of Sales for the Georgia Aquarium arrived at the offices of Active Production and Design. Mr. Ramsey personally notified the Active team that they have been chosen, again, as Georgia Aquarium's, exclusive, audio visual company. This marks the third time the contract was up for bid and the third time Active Production and Design was designated the AV provider of choice for the high end events hosted by the world's largest aquarium. The contract was awarded with a multi-year partnership.

“The Georgia Aquarium is Atlanta’s premier special event venue and we must continue to ensure we always have the best service to offer our guests. Since our opening, Active Production and Design has been a great partner with providing audio visual and production services for all of our events. That service and partnership is the reason we have decided to renew their contract to provide professional production services needed by our customers at the Georgia Aquarium.”

—Will Ramsey, Vice President of Sales, Georgia Aquarium

“This is the icing on the cake for our 15 year anniversary. We are very proud to be a part of the Georgia Aquarium family.”

—Matt Clouser, President, Active Production and Design

The Georgia Aquarium opened in 2005 and selected Active Production and Design as its exclusive production company. In 2006, Active was again awarded the contract for a two year term.
